Collector. A municipal or county government, nonprofit agency, or retailer that accepts discarded computer equipment or televisions from the public.

Slide 3

Underground Storage Tanks

- FFY2007 - 511 cleanups
- In FFY 2008, at mid year, NCDENR had completed 260 cleanups and expectations are high that the State will meet its goal of 547 cleanups for the year.

Slide 4

UST – House Bill 2436

- Established 11 positions for inspection and training to meet federal Energy Act requirements.
- Increases operating fees to \$420 per tank per year with the purpose of addressing free product sites.

Continuing to work on avenues to help resolve the financial and free product issues of the Commercial Fund.
